Full Stack Developer

for softwaredevelopment

Extent.Ae (Freelance)

2021 - 2022

• As a Full Stack Developer at Extent.ae, I blend frontend and backend expertise to create impactful web solutions. With experience at Extent Company and as a freelancer, I've crafted visually appealing websites with robust functionalities. Passionate about delivering high-quality, tailored results.

Associate Full Stack Developer

MUNCH:ON Lahore

2019 - 2023

- Developed and maintained web applications using the MERN stack (MongoDB, Express.js, React.JS, and Node.js).
- Collaborated with designers and product owners to ensure the best user experience and product functionality
- Implemented RESTfulAPIs and integrated third-party APIs. Worked with version controlsystems (Git) and deployment tools (Docker, Circle CI).

Webflow Expert

PromptMaster

2019 - 2020 (Remote)

As a Webflow expert for "PromptMaster," I led UI/UX design and implementation, ensuring seamless integration with branding.
Collaborating closely with designers, I transformed concepts into responsive web elements. Leveraging advanced Webflow features, I enhanced interactivity, delivering a polished website for a successfull project launch.
